

PharmaceHome October 2016 Release Notes

We are pleased to announce the following enhancements to the Pharmacy Home application

Fill History Date Range-

- Fill dates displayed in the PharmaceHome Current Regimen and Complete History should default to show no more than 12 months from current date.
- If a user logs in on 10/31/2016, the fill date display shows up to 12 months from that date
- Users can still manually select a more specific fill date range in “Complete History”

Log-In Password Recovery-

- The log-in page will be updated to now provide two separate help links for users with a forgotten or expired password

The image shows two side-by-side screenshots of a login page. The left screenshot, labeled 'Current Password Recovery Options', shows a login form with fields for Username and Password, a 'Login' button, and a link for 'Forgotten/expired password or locked account? Click here'. The right screenshot, labeled 'New Password Recovery Options', shows the same login form but with two separate links: 'Forgotten password? Click here' and 'Expired password? Click here'. Red arrows point to these links in both screenshots.
